Navy Case No. 84,488

FIG. 5

FIG. 5 is a cross-sectional view of a device 20. The device 20 is shown in a cross-sectional view with a dashed line indicating a centerline. The device 20 includes a central component 46, which is a rectangular block with a top layer 52 and a bottom layer 56. The central component 46 is mounted on a base 22. The base 22 is a horizontal member with a support structure 40. The support structure 40 is a vertical member that supports the central component 46. A vertical member 44 is shown on the left side of the device 20, and a horizontal member 54 is shown on the right side. The device 20 is shown in a cross-sectional view with a dashed line indicating a centerline.
